

## **2021 Student Theory Activity Results**

The 2021 CSMTA Student Theory Activity was a great success. The Keynote Independent Theory Service (KITS) tests, offered annually, were all completed on April 13th. Due to pandemic restrictions, STA tests were administered privately, often with pairs of teachers working together. Twenty-four students participated at varying levels, or “steps,” of the curriculum. Kudos to the teachers that prepared these students: Grace Christus, Wendy Lambrech, Joan Sawyer, Uri Ayn Rovner, and Hannah Krening. 18 received gold medals (95% +), 4 received silver medals (90-94.5%), and 2 received bronze medals (80-89.5%).

Congratulations to these students scoring 90% or above who are enrolled in the National Music Theory Honor Roll: Jaden Borunda, Will Garza, Regina Helgoth, Claire Hu, Erich Lambrech, Raphaella Lampe, Giancarlo Mary, Nam McCush, Vince McCush, Elizabeth Milovich, Kara Milovich, Tabitha Milovich, Serena Muser, Mish Rai, Annika Romero, Arvind Swaminathan, Atticus Wei, Beatrix Wei, Cordelia Wei, Daniel Yun, and Sophie Zhou.
